## Spirituality Policy

Adopted by Governing Body - February 2026

Review schedule- Every 3 yrs (or as necessary)

Next review- Autumn 2029

Our vision '**Every child of God Matters. All in their unique difference are able to flourish**' is about celebrating the uniqueness of every individual. Children at St Peter's understand that **God is Love and whoever lives in love, lives in God and God in them** - 1 John 4:16, serving others through good deeds and transforming society with love.

We want children who leave St Peter's to be passionate about serving God and transforming communities through acts of love.

At St Peter's, we recognise that developing the spirituality of our pupils and adults is a fundamental aspect of enabling pupils and adults to flourish. Provision for developing spirituality is well planned and of high quality so that the whole community is engaged on a journey of discovery. Spiritual development differs from person to person and is a very personal experience. For this reason, it is difficult to put into words. Spirituality is not the same as having a religion or faith; a person can be spiritual without having a particular faith. For Christians in church, spirituality is about developing a deeper understanding of and connection with God. Through this we are able to respond to the loving nature of God as revealed through the Trinity: Father, Son and Holy Spirit.

A school is not a church, but it is a collection of people who come from a variety of backgrounds for the purpose of education. Family backgrounds may be very different and spiritual development must take account of the varied circumstances of staff and pupils. Therefore, in light of this and in light of our school's distinctively Christian

vision, at St Peter's we define spirituality as: having concern or care for the human spirit or soul, rather than material or physical things. It can include ideas about or belief in God. (The Children's Trust, 2023)

### **School Statement on Spirituality**

To talk about spirituality is, essentially, to talk about something which is beyond words. To make conversations about spirituality more accessible to every member of our school community, St Peter's C of E Primary School has chosen to follow ideas developed by the Education Department at the Diocese of Gloucester.

This language of spirituality begins from a Christian understanding that everyone is a valued creation, individually and uniquely made by God, like pots made by a potter (Isaiah 64:8).

Yet, in life things happen that impact on the physical 'pot' of life and create cracks that provide a glimpse of something 'beyond' the tangible. Christians would view this as an opportunity to relate to the Divine Creator God. Cracks may be caused when something so good and breath-taking happens that the pot expands and cracks - the wows of life. Cracks may happen when something challenging happens and threatens the comfort of everyday - the ows of life.

Cracks can also happen in the stillness and ordinariness of everyday - the nows of life, when a moment of stillness, a pause or prayer creates a crack in the normal, physical everyday.

In these special moments there is a spiritual opportunity. Kintsugi, the Japanese art of mending broken ceramics with golden joinery or glue, creates something that has been broken into something even more beautiful. Using this metaphor, the wows, ows and nows of life offer the possibility of cracks that are filled with gold and make the pot even more beautiful. The gold in the cracks reflect a little of the wonder of spirituality.

St Peter's C of E Primary School uses this language and the concepts of wows, ows and nows. These are used to explore relationships with:

- ourselves
- others
- the wider natural world and beyond
- and offering the invitation to relate to God

## **Aims**

Through establishing the right learning environment in which spiritual development can be fostered, we aim to support pupils and adults to:

- Develop an appreciation of their uniqueness and value
- Develop an understanding of the distinctive ethos at St Peter's, as well as the context, language and symbolism of the Christian faith
- Develop knowledge and understanding of the school's core Christian values and the Biblical teaching that underpins them
- Develop an awareness of, and respect for, other people's beliefs and faiths, and the ability to articulate their own
- Develop an appreciation of what it means to be a part of a community (e.g. using their gifts and abilities in the service of others)
- Develop strategies to build good mental health
- Foster self-awareness and the ability to make informed decisions
- Develop the skills and language required to enable them to reflect upon the big questions and mysteries of life
- Begin to understand and make sense of their own feelings and emotions around certain encounters and events that occur in their life
- Develop an awareness that experiences of disappointment, failure and loss may be occasions for spiritual growth
- Understand the value of difference and diversity through involvement with others
- Develop a love of curiosity, creativity and imagination
- Develop the ability to reflect upon experiences of awe, compassion and beauty
  - Develop a capacity to value the natural world, a sense of awe and wonder and a commitments to care for creation.

These objectives will enable pupils and adults to have a quality of life that encompasses respect, awareness, compassion, curiosity, understanding and relationships that reflect order, reason, balance and integrity within the context of Christian faith.

## **Organisation**

The spiritual growth of pupils is not only dependent on learning in RE, opportunities for enhancing the spiritual well-being of learners are developed in every aspect of our school life.

We support the whole school community to share this responsibility and to develop the shared language of spirituality. Opportunities are available for all to develop spiritually in our supportive and nurturing school inspired by our vision and lived out through our Christian values.

Every classroom has a quiet Reflective Area for quiet, contemplative thoughts, and we have a curved bench outside as a calm space for spiritual reflection.

We have identified specific areas which contribute to the spiritual growth of pupils: collective worship, the whole curriculum, including RE and the general ethos of the school within daily life.

### **Spirituality in Collective Worship**

Collective Worship is the beating heart of St Peter's School. It provides the opportunity for our school community to share experiences, ideas and understanding. It is the context in which the language of spirituality, which we use as a school, is regularly and explicitly shared.

Collective Worship provides the opportunity for pupils to become aware of the importance of reflection and how our positive and negative experiences can be formative. It also provides a real sense of being present (now moments) which are often linked to invitations to pray.

Through daily Collective Worship, pupils are offered a space and a place for hearing the Christian story. They are offered an understanding of worship by being invited to participate in, or observe, Christian spiritual practices such as: prayer, reading and reflection on the Bible and liturgy and are introduced to different musical traditions. Opportunities to reflect on the joys of life such as beauty and joy of the world are given, as well as time to reflect and empathise with the low moments of disappointment or pain. Pupils are given time to consider their responsibilities to others and to grow in love and service. Time is given for celebration, both for the accomplishments of school members and to mark seasonal Christian festivals. In this way pupils are offered time to be able to contemplate and develop spiritually. Collective Worship in St Peter's is invitational, inspirational and inclusive.

### **Spirituality in Religious Education**

The Church of England's Statement of Entitlement outlines the aims and expectations for Religious Education in Church of England Schools and guides this school's approach to RE and spirituality. Learning activities in RE provide for the needs of all pupils, offering a safe space to explore their own religious, spiritual and/or philosophical ways of seeing, living and thinking, believing and belonging. They provide opportunities to engage in meaningful and informed dialogue with those of all religions and worldviews, linking these to pupils' ideas of spirituality and the language of joys, lows and nows where appropriate.

For further details, please refer to St Peter's C of E Religious Education Policy and The Church of England's Statement of Entitlement.

### **Spirituality within the Curriculum**

St Peter's school ethos of 'every child of God matter's, all in their unique difference are able to flourish' is a driver in our whole school curriculum design and these values inspire pupils' spiritual growth. Drawing on the language of wows, ows and nows, conversations around spirituality will be included in classroom teaching when appropriate from Reception to Year 6.

### **Spirituality within the Ethos of the Daily Life of the School**

In St Peter's C of E School we view spiritual growth as becoming more and more aware of one's natural, innate spirituality. These opportunities happen throughout each and every day as children deal with delight, disappointment and the chance to be present with themselves.

For this reason, every member of the school community, are familiar with the school's shared language of spirituality and will respond to pupils appropriately.

Throughout the daily life of the school, including lunch times and playtimes, pupils know that their references to wows, ows and nows will be heard and taken seriously. They will be encouraged to reflect on these experiences and be comfortable about talking about the golden glue of spirituality.

### **Recording, Monitoring and Evaluation**

The Curriculum Committee review the policy annually in partnership with Senior Leaders and consider any views expressed by parents, children and staff in order to make any changes or recommendations. Recommendations are fed back to the full governing body and are then actioned as appropriate.

Governors ensure that this policy is fully implemented and that practice is consistent with the school's Christian vision, in line with the school's monitoring policy and schedule for governors.
